STAT

25 August 1964

RETROACTIVE SALARY PAYMENTS
UNDER THE
GOVERNMENT EMPLOYEES SALARY REFORM ACT OF 1964

STAT

1. This notice rescinds HN [redacted] dated 17 August 1964 which stated that the retroactive provisions of the Government Employees Salary Reform Act of 1964 did not then apply to Agency employees. The Agency is now authorized to adopt the new salary rate schedule retroactively to the pay period beginning 5 July 1964.

2. The salary checks to be distributed on 11 September 1964 for employees paid each two weeks will include increased rates of compensation for the pay period 16 through 29 August and the increased pay for the three payroll periods from 5 July through 15 August.

3. The regular salary for employees paid every four weeks will be computed at the increased rates of compensation beginning 16 August 1964, which will be included in salary checks for the pay period 2 through 29 August to be distributed on 10 September. Since the computation of this payroll has substantially been completed, time and facilities do not permit recomputation to include the increased salary for periods prior to 16 August. Accordingly, the increased salary for the period 5 July through 15 August will be included in the salary checks for the pay period 30 August through 26 September. This action will complete adoption of the new pay scales.

4. While only a single salary check will be issued to each employee for each payroll period described in paragraphs 2 and 3 above, statements of earnings will be provided which will reflect separately the pay for the current payroll period, and the amount representing the increase in earnings for prior payroll periods.

5. The new general schedule salary rates established by the Government Employees Salary Reform Act of 1964 are listed on the back of this notice.
